### Sizzling Tandoori specials

*Following dishes are all served with Fresh salad and mint sauce*

The main differences between cooking with a tandoor and cooking with a conventional oven or a barbecue is that a tandoori oven can reach temperatures in excess of 400c, driving the fat away from the meats making it a much healthier. Tandoori dishes are marinated at least a day before and we only use the best authentic tandoori spices comprising of yogurt season with garlic, ginger, cumin and other spices and herbs. We never add any additives, artificial colouring or flavour enhancers to any of our food.
